Education

Chennai Institute of Technology

NOV. 2021 – Present

Bachelor of Technology in Artificial Intelligence and Data Science

CGPA - 8.7

Experience

Oasis Infobyte

Aug 2023 – Sep 2023

Data Science Intern

- Engaged in diverse mini-projects, including Iris flower classification and sales prediction, to apply data science skills in an online setting.
- Led independent initiatives throughout the online internship, demonstrating self-sufficiency in project execution and delivering impactful results without formal team meetings.
- Developed proficiency in data analysis and machine learning, refining coding abilities and gaining practical experience in algorithm implementation.

Cisco Netcad Academy

Aug 2023 – Sep 2023

Virtual Internship Program

- Engaged in a virtual internship program with Cisco, where I undertook courses covering a range of cybersecurity topics. This experience provided exposure to the fundamentals of cybersecurity, contributing to a broader understanding of the field.

Projects

Heart Disease Prediction | *Python, JupyterNotebook*

January 2023

- Employed machine learning, including K-means clustering, to predict heart disease likelihood, emphasizing its role in medical diagnostics.

Sri Ramanujar's Calculator page | *HTML, CSS, JavaScript*

August 2023

- Developed a reliable and user-friendly calculator application by implementing error-free arithmetic operations, showcasing strong problem-solving skills and a commitment to a seamless user experience.

To Do TaskList | *JavaScript, HTML, CSS*

October 2023

- Developed a Task List app using HTML, CSS, and JavaScript, highlighting strong front-end web development skills. Implemented responsive design for seamless user experience across diverse devices.
- Leveraged JavaScript for dynamic task handling, enabling real-time updates and changes to the task list, demonstrating practical scripting capabilities for enhanced user interaction.

CERTIFICATIONS

- | | | | |
|-----------------------|-------------------------|--------------------------------|-------------------------------------|
| • Introduction to IOT | • Responsive Web Design | • CyberSecurity Specialization | • Machine Learning and Data Science |
| • Web Development | | | |

TECHNICAL SKILLS

Languages: Python, Java, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, Eclipse, Google Colaboratory,

Technologies/Frameworks: Linux, GitHub, React, git

ACHIEVEMENTS

- Leetcode:** 100+ Problems, 1410-Contest Rating, Rank-746,930
- CodeChef:** 260+ Problems, Problem Solver - Silver Badge, 1v1 Challenge Badge - Bronze Badge
- HackerRank:** 50+ Problems, contest Rank-27967
